

SL-271-P

SL-271-U

SL-271-C

ServerLink Star KVM

Product Code:	SL-271-P	PS/2
	SL-271-U	USB
	SL-271-C	PS/2 + USB

The 2 port USB KVM switch eliminates your cabling worries with two sets of built-in 1.5m cables. Users can access, boot & re-boot two computers using only one keyboard, monitor and mouse.

The SL-271-P provides connectors for your PS/2 keyboard & PS/2 mouse on the console side and allows you to connect to two PS/2 enabled computers.

The SL-271-U provides connectors for your USB keyboard & USB mouse on the console side and allows you to connect to two USB enabled computers.

The SL-271-C provides connectors for your PS/2 keyboard & PS/2 mouse on the console side and allows you to connect to one USB enabled computer and one PS/2 enabled computer.

The one piece design combining the KVM switch and cables is built to reduce cabling nightmares. The functionality and compact size provides greater portability and convenience saving you time, space and money!
